## Technical Specifications

Coverage	10 m <sup>2</sup> (107ft <sup>2</sup> )	Power	15 W
Net Weight	1.33 kg (2.93 lbs)	Installation	Freestanding
Box Weight	1.93 kg (4.25 lbs)	Accessories	220-240 V to 12V DC adaptor (included)
Dimensions (mm)	126 x 106 x 330	Warranty	1 Year
Dimensions (in)	4.96 x 4.17 x 13	Unit Lifespan	10 Years
Noise	40-49 dB	Color	White or Black
Airflow	12-20 CFM	Power Options	220-240 V to 12V DC adaptor (included) 12V Power bank (optional)
UV-C Lamps	1 x 6W (253.7 nm)		
TiO <sub>2</sub> Hexagonal Tubes	10	Plug Type	Universal adaptor plug, includes UK/USA/EU
Reactor Lifespan	8,000 Hours		
Composite carbon and HEPA Filter Lifespan	4,000 Hours		

## Features

- **All-in-One:** Hextio combines air filtration, gas neutralization, and even a miniature VIRUSKILLER™ UV-C Reactor Chamber for all-in-one desktop clean air performance.
- **Directional Airflow:** Hextio's airflow hood can be directed towards an individual's breathing zone, providing clean, fresh air where it matters most.
- **Plug and Play:** Simple operation means out-of-the-box operation, with no complex installation or setup required.
- **Sleep Mode:** Hextio features an ultra-quiet sleep mode for overnight protection.
