

# THE HIGHEST CERTIFIED VIRUS KILLING AIR TECHNOLOGY IN THE WORLD

## Real-time protection

Kills 99.9999% of Polio Virus,  
Influenza, Virus,  
Adeno Virus,  
& Covid-19 Virus

Our most powerful VIRUSKILLER™ air purifier is ideal for large, critical areas like hospitals.

This unit will also be effective in larger premises (up to 165m<sup>2</sup>) such as factories, manufacturing sites, open-plan offices, supermarkets, indoor shopping centres and food courts.

The free standing unit draws in contaminated air from below, then filters, neutralises and decontaminates the air before it is expelled from all four sides at the top unit, into the breathing zone.

# VK 102

## Technical Specifications

Coverage	165 m <sup>2</sup> (1776 ft <sup>2</sup> )	Carbon Filter Lifespan	6,000 Hours
Net Weight	34 kg (75 lbs)	Pre-filter	Washable
Box Weight	39 kg (99 lbs)	Power	320 W
Dimensions (mm)	1570 x 320 x 320	Installation	Freestanding
Dimensions (in)	61.8 x 12.6 x 12.6	Accessories	Remote Control (included)
Noise	40-49 dB		
Airflow	200-388 CFM	Warranty	1 Year
UV-C Lamps	16 x 6W (253.7 nm)	Unit Lifespan	10 Years
TiO <sub>2</sub> Hexagonal Tubes	~ 100	Color	White or Black
Reactor Lifespan	8,000 Hours	Power Cord Length	1.2 m (4 ft)
HEPA Filter Lifespan	6,000 Hours	Plug Type	Select based on country

# VK 103

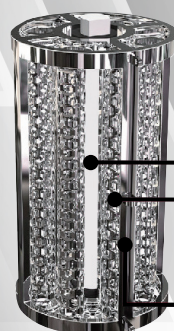

## Technical Specifications

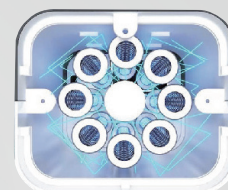

Coverage	100 m <sup>2</sup> (1076 ft <sup>2</sup> )	Carbon Filter Lifespan	6,000 Hours
Net Weight	38 kg (83.7 lbs)	Pre-filter	Washable
Box Weight	43 kg (94.7 lbs)	Power	230 W
Dimensions (mm)	1570 x 320 x 320	Installation	Freestanding
Dimensions (in)	61.8 x 12.6 x 12.6	Accessories	Remote Control (included)
Noise	34-57 dB		
Airflow	200-358 CFM	Warranty	1 Year
UV-C Lamps	8 x 6W (253.7 nm)	Unit Lifespan	10 Years
TiO <sub>2</sub> Hexagonal Tubes	~ 40	Color	White or Black
Reactor Lifespan	8,000 Hours	Power Cord Length	1.2 m (4 ft)
HEPA Filter Lifespan	6,000 Hours	Plug Type	Select based on country

## Patented Reactor Chamber

Kills 99.9999% of viruses in a single air pass by amplifying the power of UV-C Lights 10 times with the reflection and refraction effects by mirrored reactor cell.
